

# QUALITY, RELIABILITY, DEPENDABILITY AND SUSTAINABILITY.

***Inbound Logistics* names Toyota a Green Supply Chain Partner  
for the fifth year in a row.**

Toyota was chosen as a Green Supply Chain Partner based on their environmentally friendly solutions, green manufacturing process and continued dedication to supply chain sustainability. The ranking demonstrates Toyota's dedication to making environmental green initiatives a priority.

*"Toyota operates under a global earth charter that promotes environmental responsibility throughout our entire company," said Jeff Rufener, president of Toyota Material Handling, U.S.A, Inc. "At every stage of the production cycle, Toyota minimizes the environmental impact of every product."*

Here is what Toyota is doing to stay committed to its customers and the planet.

- Toyota Industrial Equipment Mfg. Inc. (TIEM) is a zero-landfill facility.
- Toyota remains the first and only manufacturer to offer UL-listed, EPA and CARB-certified Compressed Natural Gas (CNG) powered lift trucks.
- Toyota is supporting the Arbor Day Foundation by planting a tree for every new 8-Series Lift Truck sold in 2013.
